

Sermon-based Small Groups – anonymous follow-up survey
(for those who did the pre-participation survey only)

ID Passphrase: _____

Thank you for doing the pre-participation survey prior to your sermon based small group experience. As a follow up, please fill out the similar survey below. It will serve as a measure of how your small group experience has influenced your responses over time. Please write in the same ID passphrase you used on the pre-participation survey, so that the results can be compared in a way that matches the surveys, but keeps the participants identity anonymous. If you forgot your passphrase, you may want to check your email in case you emailed it to yourself to remember it. There are some additional feedback questions about your small group experience on page 3 that were not in the initial survey. Please do page three as well.
